Zeigler's Vega, a fast gaining bull calf. We only raise one summer bull calf and this was our selection in 1970 out of thirty-three bull calves. He is out of the same cow that produced the top selling bull in the Butler sale last year and she also was the Dam of the 1966 Supreme Champion at Chicago International. He has some of the all-time great cattle behind him. Herd accredited and certified.

This is the longest, trimest, polled bull calf we have ever raised. His birthweight, out of a first calf heifer, was 82 pounds. His weaning weight is over 500 pounds. Although he is very young for a sale, he already shows the merits to develop into a top bull and sire. His pedigree should be enough to tell anyone that he is the right kind. Such bulls as Captivator of Bapton X, Clipper King of Bapton (P), and Craigeassie Pennsylvania insure he will be a bull of excellent size.

TIMBERLEE'S RODNEY 61ST X3420808 should be shown this summer as he has great potential. We hate to be selling him at any early age, but a breeder with a few really top heifers that need bred to a top polled bull can end a search here. He should be a dehorner. Rodney 34th x is one of the top Rodney sons and a 100% dehorner. Pauline, his dam, has always had a top calf, her last two being in the top herds at Acadia and Windholme. Weaning grade: 14. Weight at 246 days: 645. Average daily gain: 2.36 pounds. Herd TB and Bangs Certified

A double bred Bapton Constructor Grandson. We showed Wrangler as a senior yearling when he was undefeated in class and three times Champion Bull of the four times he was showed. The only reason we part with this bull is that we have a number of his sisters and daughters in the herd, which limits his service. A great breeding bull. This bull has never sired a bad calf—a statement very rarely made. He is sound in every way and a greater guarantee could not be put on a bull than we do on this one.

"Ranger" is in his prime coming six years old in September, 1971. He was Grand Champion bull in the 1967 Farm Show as a Summer Yearling, and Reserve Grand Champion in 1968 as Senior Yearling. He is not the buggest bull in the world, but he possesses a lot of muscle and style with quality hair coat so necessary in breeding show steers. In the 1971 Farm Show, one of his sons was Reserve Champion Shorthorn, while another one won his class. His calves have been consistent winners the past four years. In today's changing cattle picture, this bull would do his best used on Hereford or Charolais-cross females, or to up-grade plainer type cattle. This bull can really walk. Herd Certified and Accredited.
